Ray,

We're just getting back from our honeymoon and getting caught up. I wanted to send you a thank you and make sure all loose ends were tied. I got all kinds of kudos on the wedding as a whole and many of the guests mentioned what a great job you did. Thanks!

One thing I'm wondering is the wedding slide show DVD... might you still have that or did you hand it to someone? No biggie, I can get another copy from Jonathan, but if you have it and can drop it in the mail that'd be great.

I'm not sure if you want a recommendation, but here is one you can use. You're welcome to edit it a bit if you'd like:

Ray was awesome. I have been to many weddings and DJ led parties and been disappointed (or worse, annoyed) with the DJ/entertainment. Ray had our party dancing all night...literally. There was not a single song or song transition that didn't have people on the floor. As the groom, I thought I'd have to head over and give him the old "hey, you might need to change up this song" at some point, but that never entered my head. I saw a few folks go up and requests songs throughout the night and I'm pretty sure by their reactions whatever they asked for it was the next song played. Not only did he have all the songs, but we chose to have him add on his projection screen and Music Videos too!!! That was a huge hit. We were able to watch our wedding slide show on his bring screen and then dance all night to pretty much every video of every song he played. Bee Gees, Michael Jackson, Kid Rock, Black Eyed Peas... all the hits. Ray looked sharp, his lights were top notch, his speakers filled the room with sound, his mics were clear... it was perfect.

Ray, thank you, if you ever need a personal recommendation please don't hesitate to reach out directly.

Best,
Dan
